Description

The Acapulco Collection by Harmonia Living blends mid-century design with modern funk to create a new standard of comfort and style for your patio. The collection is inspired by woven furniture that was incredibly popular in Central America in the 1950s and '60s, creating seating that is supportive and breathable. This makes the Acapulco Bar Chair ideal for outdoor dining, even in the warmest climates. Beyond its comfortable design, the chair is constructed with a powder-coated steel frame, making it incredibly durable and weather-resistant. The frame is wrapped in a supportive Polyethylene cord, giving the collection its distinctive look.
