District Reclining Chaise Lounge HL-DIS-TS-RCL

Product Images

Description

Create your ideal poolside or mountain view deck with the District Collection by Harmonia Living. This piece's clean lines, woven frame and weathered look give it a unique visual appeal, while sturdy, all-weather construction ensures lasting performance across the seasons. The wicker is made with durable High-Density Polyethylene (HDPE) and finished in a beautiful Textured Slate color, which gives it a natural feel. This chaise's sturdy aluminum frame, triple reinforced seat and fade resistant cushions are made to endure in any outdoor setting, rain or shine. The back reclines fully up and down, allowing you to adjust it to your maximum comfort level.

 - Seat Height (With Cushion): 15.5
 - Back Height: 27
 - Arm Height: 20.75

Features

- High-Density Polyethylene (HDPE) is a synthetic all-weather wicker made with virgin materials that provides resistance to fading and cracking. Wicker color is infused into the HDPE wicker for lasting durability.
- Wicker is hand-woven onto a thick gauge, powder coated aluminum frame that is lightweight, durable and corrosion resistant.
- Each seat is double reinforced for lasting durability
- Stackable design makes storage and transportation easy.
- Multiple reclining positions, including flat.
- Plastic foot glides help to protect your patio from scratching and also to help keep the furniture protected from dirt or water that can accumulate on the patio.
- Cushions are made in America using American materials including Sunbrella, Outdura and Revolution performance fabrics which are easy to clean, are fade, stain, mildew resistant and carry a 5 year warranty.
- Machine washable cushion covers feature durable and frustration free YKK brand zippers for easy removal. Top and bottoms of our seat cushions are identical so they can be flipped if a stain gets on the cushion between machine washes.
- All cushions are sewn with PremoBond brand marine-grade UV treated thread made from high-quality mold, mildew, and rot resistant bonded polyester to ensure your cushions won't fall apart at the seams.
- Each seam is finished with overlock stitching for additional durability, reinforcement, weather proofing and to prevent the fraying of internal fabric edges during machine washing.
- American made CertiPUR-US® certified foam cushion inserts which are produced without harmful chemicals such as formaldehyde, ozone depleters, PBDEs, TDCPP or TCEP flame retardants and are free of mercury, lead, and other heavy metals to protect the planet as well as the health of you and your loved ones.
- Thick 2.5" foam cushion inserts creates a cushion that's firm enough to avoid bottoming out, but soft

enough for comfort.

- Cushion pocket secures the cushion to the frame.
