## Description

---

Made with integrity, sustainability and craft, the Mill 78" Reclaimed Teak Dining Bench by Harmonia Living has a modern industrial look with an eco-friendly backstory. The reclaimed teak bench top is constructed with upcycled Indonesian teak that has been acquired from deconstructed buildings and structures within the township. With sustainable practices backed by the Forest Stewardship Council (FSC) certifying our furniture is 100% reclaimed teak, skilled craftsmen repurpose this reclaimed teak into outdoor furniture that will be the centerpiece of your patio for years to come. Paired with an industrial design aluminum trestle base with a black powder-coated paint finish, for a bit of modern flair, this patio dining bench can be used indoors as well! This outdoor dining bench comfortably seats up to 3 people.

## Includes

- 1x Mill 78" Dining Bench (MILL-AL-78BNCH)

## Dimensions

- Mill 78" Dining Bench: 78.75"L x 15.75"W x 17.25"H (44 lbs.)
- Frame Height: 17.2"

## Features

- Each piece is a unique work of art, handcrafted by skilled artisans who are masters working with reclaimed teak.
- Made from reclaimed from deconstructed buildings and bridges, there is no harvesting of new teak

trees to make this furniture.

- Teak is dense hardwood that is naturally oily which offers benefits over other natural woods including resistance to light, heat, moisture and pest damage.
- Teak wood furniture will have a warm golden hue that patinas to a silvery grey over time. Letting the teak patina will not compromise the integrity of the wood, however, to keep the golden color, clean the teak furniture about once a year and apply a thin layer of teak oil.
- Made for both indoor and outdoor use.
