Lift Mill 6 Seat Reclaimed Teak Patio Dining Set LIFT-BK-SET530

Product Images

Description

Made with integrity, sustainability and artistic craftsmanship, the Lift Mill 6 Seat Reclaimed Teak Patio Dining Set by Harmonia Living has a modern industrial look with an eco-friendly backstory. The Mill 6-Seat Reclaimed Teak Outdoor Dining Table is constructed with upcycled Indonesian teak that has been acquired from deconstructed buildings and structures, which means no trees were harvested to construct this dining table. With sustainable practices backed by the Forest Stewardship Council (FSC) certifying our furniture is 100% reclaimed teak, skilled craftsmen repurpose this reclaimed teak into outdoor furniture that will be the centerpiece of your patio for years to come. The Mill table top is paired with an industrial style aluminum trestle base which is finished in a durable black powder-coating. This set also features our popular Lift Dining Arm Chairs for a modern flair. These stackable dining chairs are low maintenance due to their powder coated aluminum frames and the durable textline seat and back are designed for cushion-free comfort.

Features

- Durable, rust proof frames made from thick gauge aluminum with a high-quality powder coated finish that is appropriate for residential and commercial settings.
- Comfortable, quick-drying sling fabric.
- 100% FSC certified Indonesian reclaimed teak is repurposed into high quality outdoor furniture.
- Each piece is a unique work of art, handcrafted by skilled artisans who are masters working with reclaimed teak.
- Made from reclaimed from deconstructed buildings and bridges, there is no harvesting of new teak trees to make this furniture.
- Teak is dense hardwood that is naturally oily which offers benefits over other natural woods including resistance to light, heat, moisture and pest damage.
- New teak wood furniture will have a warm golden hue that patinas to a silvery grey over time. Letting the teak patina will not compromise the integrity of the wood, however, to keep the golden color, clean the teak furniture about once a year and apply a thin layer of teak oil.
- Stackable design makes storage and transportation easy.
- Plastic foot glides help to protect your patio from scratching and also to help keep the furniture protected from dirt or water that can accumulate on the patio.
