Asher Dining Arm Chair ASH-TK-DAC

Product Images

Description

The Asher Teak Dining Chair by Harmonia Living (ASH-TK-DAC) is the perfect way to enjoy your outdoor meals in style. This weatherproof dining-height armchair is made with 100% FSC certified all-natural reclaimed teak, making it Earth-friendly as well as durable enough to last for years to come. This carefully-architected wooden chair features a slim, elegant backrest and an airy slatted seat for a light and modern appearance that goes well with just about any dining table, and the natural teak finish will add a touch of elegance to any setting. Inspire your space even further with optional genuine Sunbrella cushions to add increased comfort, longevity, and visual panache to your dining set. Teak wood contains natural oils that protect it from weather damage, UV damage, and insect infestation. As with all teak patio furniture, to maintain its mid-century modern honey-gold appearance, a minor cloth-towel application of teak oil will be required annually. If you prefer a more rustic look, simply allow the teak to fade to an organic silver patina over time. The chair is delivered to you completely assembled, so you can begin to enjoy your outdoor dining space right away and hassle-free. Whether you're enjoying a casual meal with family or entertaining guests, the Asher Teak Dining Chair is sure to make your outdoor dining experience one to treasure.

- Seat Height (With Cushion): 19"
- Back Height: 16.5"
- Arm Height: 25.5"

Features

- Each piece is a unique work of art, handcrafted by skilled artisans who are masters working with reclaimed teak.
- Made from reclaimed from deconstructed buildings and bridges, there is no harvesting of new teak trees to make this furniture.
- Teak is dense hardwood that is naturally oily which offers benefits over other natural woods including resistance to light, heat, moisture and pest damage.

- Teak wood furniture will have a warm golden hue that patinas to a silvery grey over time. Letting the teak patina will not compromise the integrity of the wood, however, to keep the golden color, clean the teak furniture about once a year and apply a thin layer of teak oil.
- Cushions are made in America using American materials including Sunbrella, Outdura and Revolution performance fabrics which are easy to clean, are fade, stain, mildew resistant and carry a 5 year warranty.
- Machine washable cushion covers feature durable and frustration free YKK brand zippers for easy removal. Top and bottoms of our seat cushions are identical so they can be flipped if a stain gets on the cushion between machine washes.
- All cushions are sewn with PremoBond brand marine-grade UV treated thread made from high-quality mold, mildew, and rot resistant bonded polyester to ensure your cushions won't fall apart at the seams.
- Each seam is finished with overlock stitching for additional durability, reinforcement, weather proofing and to prevent the fraying of internal fabric edges during machine washing.
- American made CertiPUR-US® certified foam cushion inserts which are produced without harmful chemicals such as formaldehyde, ozone depleters, PBDEs, TDCPP or TCEP flame retardants and are free of mercury, lead, and other heavy metals to protect the planet as well as the health of you and your loved ones.
- Thick 2" foam cushion inserts creates a cushion that's firm enough to avoid bottoming out, but soft enough for comfort.
- Cushion ties are sewn to the back of each seat cushion to secure them in place to the frame.
