Finn 2 Piece Nesting End Tables Set FINN-TK-2ETS

Product Images

---

## Description

Rustic yet recent. Stylish yet sturdy. The Finn Collection by Harmonia Living represents an amalgamation between raw, natural materials and contemporary design. The thin, powdered coated aluminum frame creates a sleek silhouette yet sturdily supports a solid, grade A teak top. Unique to the Finn design is the ability to nest the small table under the larger for compact storage when not in use. The Finn Collection of tables is the perfect option to compliment any mix-media patio arrangement.

## Includes

- 1x Finn 2 Piece End Table Set FINN-TK-2ETS

## Dimensions

- Finn 2 Piece End Table Set:

## Features

- Made from sustainable certified V legal, Grade A teak is harvested responsibly. Grade A teak is from mature trees that features grain that is more even, and color that is more consistent than lesser grades of teak.
- Teak is dense hardwood that is naturally oily which offers benefits over other natural woods including resistance to light, heat, moisture and pest damage.
- New teak wood furniture will have a warm golden hue that patinas to a silvery grey over time. Letting the teak patina will not compromise the integrity of the wood, however, to keep the golden color, clean the teak furniture about once a year and apply a thin layer of teak oil.
- Plastic foot glides help to protect your patio from scratching and also to help keep the furniture protected from dirt or water that can accumulate on the patio.
